INTRODUCTION

The 1864 Militia Enrollment Lists [commonly called the "Joe Brown Census"] is a collection of lists of all Georgia men eligible for military service in Georgia but who were not serving in the Confederate or Georgia state forces at the time. The enrollment lists are arranged by county and generally contain the following information: Name; age; place of birth; occupation; if exempt, reason; weapons owned; horses owned; and number of bridles and saddles owned.

This index contains a list of men in Pickens County and their: residence (Militia District); age; birth place; occupation; and reason for exemption, if any. Users of the index are encouraged to go to the original source of the record (on microfilm) to determine more information about these men.

The source of the information herein is the microfilm: Georgia Adjutant General's Office, Militia Enrollment Lists; Georgia Department of Archives and History microcopy RHS 3703-04. The microfilm is available at the Georgia Archives for all Georgia counties for which the 1864 Enrollment Lists have survived. The reel containing the Pickens County list is also available at the Pickens County Library.
